Teri Crenshaw

SPEAKER & STRATEGIST

MEDIA KIT

Hi, I'm Teri!

SPEAKER, STRATEGIST & COACH

I'm a speaker and strategist with a knack for growth marketing, a love for futurism, a former fitness champion with a hip-hop dance addiction, a "to-the-point" attitude and a snarky sense of humor.

I specialize in transforming "What do I want to be when I grow up?" conundrums into successful careers and businesses.

As a speaker, strategist, and advocate for purpose-driven work, I believe life's too short for unfulfilling jobs. It's my job to help people realize their potential so they can fulfill their unique mission in life.
